

FAT BIKE

Electric Off Road!

The big daddy of the bunch, cruising never looked so good.

Roll down rough city streets, through the park, even on the beach, with Ryder's Fat Bike.

Built around 20-inch wheels with massive 4-inch diameter tires—capable of running super low air pressure for a smooth ride and incredible traction - fat bike is built for mobility and fun.

The saddle and handlebars put you in a comfortable position and with 5 levels of pedal assist and folding capability, this bike really can go anywhere.

RYDER IS A NEW BREED OF ELECTRIC BICYCLE,
