

# RYDER PRO 2

Electric Off Road

*An electric mountain bike featuring speed sensing pedals. An exceptional go anywhere bike.*

The alternative to the Ryder Pro Mid represents **excellent value for money** with its rear hub motor and especially clever speed sensing crank for instant response. It is also an **off-road bike that performs well on the roads or cycleways**. Brilliant on hills and soft terrain. Easy to ride.

- Strong frame with 27.5 inch wheels and small block off-road tyres
- Samsung 36-volt 13-amp hour lithium battery
- Bafang rear hub 250-watt motor with speed sensing crank
- Large LCD display
